The Cybersecurity for Energy Delivery & Customer Solutions guidebooks serve as adaptable reference tools for utilities, assisting in the development of emerging standards and architectures aimed at enhancing interoperability, fostering innovation, and promoting marketplace competition. Additionally, these guidebooks emphasize best practices for ensuring the stability of system operations and effective monitoring.

Title	PID#	Year
A Conceptual Framework for Grid Security	3002030146	2024
Building an OT Cyber Lab: 2024 Edition	3002030012	2024
Cyber Security for DER Integration: Guidebook for Utility Cyber Security Architects and Engineers, 4th Edition	3002030098	2024
Emerging Issues in Cyber Security for Data Analytics	3002030014	2024
Forensics Guidebook: 2024 Edition	3002030020	2024
Leveraging Open Source Software in Cyber Security for Operational Technology (OT)	3002030013	2024
Machine Learning and Applications for OT Cyber Security Operations Version 1	3002030133	2024
Metrics 101 – A Beginners Guide to OT Cyber Security Metrics	3002028968	2024
OT Cyber Security Data Management Guide: Version 2	3002030124	2024
OT Network Visibility Guidebook (2024 Update)	3002030019	2024
OT Cyber Security Resiliency Metrics V.3	3002030128	2024
Ransomware as a Service (RaaS): The Rise of AI-assisted Threats and AI-assisted Mitigation	3002030011	2024
Substation Security Guidebook: 2024 Revision	3002030091	2024
The Integrated Security Operations Center Guidebook: 2024	3002030016	2024
The State of Cyber Security for Grid-edge Distributed Energy Resource (DER) Technologies, 1st Edition	3002030119	2024
Threat Management Guidebook (2024 Update)	3002030017	2024
Zero Trust Challenges for OT Systems	3002030093	2024
Benchmarking Utility Cyber Security	3002027175	2023
Distributed Energy Resources (DER) Cyber Security Guidebook for Utility Architects and Engineers, 3rd Edition	3002027325	2023
Forensics Field Guide: SEL-421 Protection, Automation, and Control System	3002027171	2023
Integrated Grid Security Strategies	3002027333	2023
Integrating Security in the T&D Lifecycle	3002027166	2023
OT Cyber Security Resiliency Metrics V2	3002027174	2023
OT Network Visibility: Guidebook	3002028549	2023
OT Cyber Security Data Management Guide: Version 1	3002027173	2023
